Rental users get FREE phone and email technical support during business hours.

### Terms and Conditions:

- All charges are invoiced quarterly in advance. Where licensing commences midway through a quarter, charges are based on a pro-rata basis.
- Licensing fees are subject to change without notice.
- Two Tongue Technology Pty Ltd reserves the right to rescind the registered user's right to use or operate any component of the RM-MultiStore software for failure to pay the outstanding account by the due date.
- Where the user is in a country or state where licensed services or goods are taxed, the above pricing may be adjusted for those applicable taxes.
- The user may terminate the rental license on any or all of the locations with three months written notice. Should the user terminate the license without providing three months written notice, any monies charged for unused services will be forfeited to Two Tongue Technology Pty Ltd.
- An installed copy of MYOB RetailManager® is required at each store for RM-MultiStore to operate.
- An internet connection and working Gmail or POP3 email addresses are required for each site.
- RM-MultiStore is compatible with MYOB RetailManager® versions 4.3 to 12.5.
- RM-MultiStore Technical Support does not cover Business Operational, Procedural and/or MYOB RetailManager® Support. This may be charged at a rate of $200 + GST per hour and/or referred to a consultant at the sole discretion of Two Tongue Technology Pty Ltd.
- Two Tongue Technology is an Australian company whose staff designed and wrote Digi~Till™ the predecessor of MYOB RetailManager®, winning Channel 9's Small Business Show's "Business Software Of The Year 1998".
- RM-MultiStore has been designed and developed by Two Tongue Technology Pty Ltd, who are a third party software developer. It is not an MYOB Australia product and MYOB Australia does not provide technical support for RM-MultiStore.
